Tuition Discounts for Out-of-State Graduate Students: This is only available for graduate students in the College of Education and Human Development. An automatic 40% discount off of the regular out-of-state tuition rate will apply. This results in a reduction of more than \$1,500 for a 3-credit graduate-level course. See details at cehd.gmu.edu/news/stories/tuition-discounts.

Accreditation: George Mason University is currently seeking accreditation for their new Athletic Training program and is not accredited by the Commission on Accreditation of Athletic Training Education (CAATE). The institution will be submitting a self-study to begin the accreditation process on July 1, 2017. Submission of the self-study and completion of a site visit does not guarantee that the program will become accredited. Students that graduate from the program prior to accreditation WILL NOT be eligible to sit for the credentialing examination for athletic trainers and will not be eligible for licensure in most states.
