The definition of “full attendance” is attending an entire class (4:30pm ~ 7:10 pm). A full credit of attendance will only be given to those students who attend the full class. Attendance check will be done at the beginning of classes and after a class break if necessary (if there is any change in the number of students attending second part of class after a break).

- Excuses to miss class will be considered only when family or health emergencies occurs and only that is documented.
- Leaving class early due to a special occasion should be notified to your instructor prior to the beginning of classes. Attendance credit will be given based on the length of hours stayed in a class.

It will be the student’s responsibility to sign in on attendance sheets for each class. Be sure to let your instructors know, during a break, if you came in late so that you will not be counted as absent.

Final Project

Students will form a group of 4 students and develop a meeting planning portfolio based on provided scenario.

Each team will develop a meeting portfolio according to specifications provided by the professor. Each team will also present their work to the class with Power Point slide. Details will be discussed in the class at the beginning of semester.

Oral Presentation

Each team will be given 20 minutes (including Q&A) to present their final project. Detailed grading matrix will be given later of this semester.

Examinations

Examinations in class will include a midterm and final and they will be conducted on the scheduled date only.

Notes: *Make up examinations will be conducted ONLY if the instructor grants prior permission or student has a written doctor's note.
